

VELVET PIGMENTATION CLINIC

RE-OPENING GUIDE

Making your safety a priority

1

CLINIC READINESS

The clinic will be thoroughly disinfected and deep cleaned prior to opening. This will include all touch points, surfaces, tools and materials.

2

CLIENT SCREENING

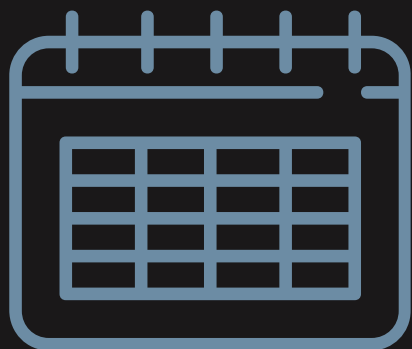

Upon booking and entry to our clinic we will ask you a set of screening questions to ensure your safety and ours.

3

STAGGERED APPOINTMENT SYSTEM

We are introducing a staggered appointment system to limit the number of people at any given time and exclude any waiting periods

4

NO WAITING AREA

We will not have any waiting areas during this period. You will inform us via phone call, upon arrival, and your practitioner will come and safely escort you to your designated area.

VELVET PIGMENTATION CLINIC

RE-OPENING GUIDE

Making your safety a priority

5 PROTECTIVE MEASUREMENTS

We will provide you with hand sanitizer and face masks to ensure your full safety. Our staff already complies with the highest standard of PPE available, wearing gloves, masks and aprons and other protective gear as needed.

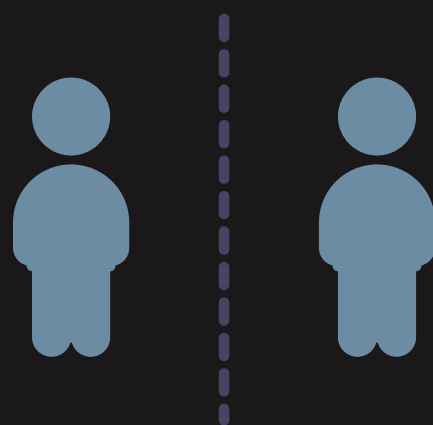

6

COVID-19 CLEANING SCHEDULE

We already ensure the highest standard of safety and sanitation measures and in addition to our existing protocols we have added extra cleaning measurements in place to ensure all our surfaces are sanitized throughout the day.

7 PHYSICAL DISTANCING MEASURES

We are fully enforcing the 2m physical distancing regulations and will provide signage to assist our clients to do the same, outside of the consultation rooms.

8

ATTEND APPOINTMENTS ALONE

We ask our clients to come to their appointments on their own, unless a guardian is needed to accompany the client.
